MOUNT YOUR ROOFTOP ACCESSORIES WITH NO HOLES IN YOUR ROOF

ACARI™ DRILL-FREE MOUNT
NOW FITS TRUCKS WITH CAB HEIGHT TOPPERS

ACARI™ CAPPER SERIES

Over the past 5 years, ACARI Engineering has successfully introduced a revolutionary drill free mounting system for the fleet truck market. With over 100,000 ACARI RTMs in the field our next installment, ACARI CAPPER, was designed so trucks with cab height toppers can experience the convenience and quality that is ACARI™ Drill-Free Mount.

- The Capper has slimmed down the third brake light bezel to project roughly .89" from the back of the cab.
- The Capper has all of the benefits of the Acari LP Series, including light weight, Low Profile design, and UV protected black satin powder coat finish.
- We highly encourage you to measure first, the Capper will not fit ALL topper styles. Check out our dimensional drawing before you buy!

Installs Easily in About 30 Minutes.

- No Removing Headliner
- Wires Enter Through Third Brake Light Opening
- Get Your Truck Back on the Road Faster
