

For 2020 GM & CHEVROLET 1500-4500 LT & LD with the NEW SPOILER APPLIQUE

# ACARI<sup>TM</sup> TALON

The ACARI Talon has been designed specifically for the new spoiler applique now found on the 2020 Chevrolet and GM pickup trucks.

The revolutionary new mount system provides a flat 180 square inch surface for mounting your lighting and accessories that is simple and economical!

## FOR 2020 GM & CHEVROLET 1500-4500 LT & LD

- Military Grade, Welded Aluminum Construction with Durable Powdercoat Finish
- Reduced Weight, Install Time and Costs
- 100% Designed, Manufactured, and Assembled in the USA

With over 500,000 ACARI RTMs in the field, our latest innovation, the **ACARI Talon**, is a completely redesigned drill-free mount offering an industry first solution to the **GM** and **Chevrolet** spoiler design.

Using a sleek new **mono-body** shape the **Talon** makes mounting your rooftop accessories simple and economical.

**NEW PRODUCT** One Piece design for quicker easier installation!

# ACARI™ TT

Featuring the same patented clamping system providing a **DRILL-FREE** mounting platform with no holes in your roof.

*With a completely redesigned drill-free mount, the ACARI TT also includes a vertical surface for work lights and a new installation process making it easier and faster than ever.*

## THE ACARI TT SERIES

- Military Grade, Powdercoated Aluminum
- Water Tight Foam Gasket System
- 100% Designed, Manufactured, and Assembled in the USA
- For Fleet or Single Vehicle Application
- Reduced weight, cost and install time

Over the past 10 years, ACARI Engineering has successfully introduced a revolutionary drill-free mounting system for the work truck industry. With over **500,00 ACARI RTMs** in the field, our next innovation, the **ACARI TT**, has been designed using a new **mono-body shape** that makes mounting your rooftop accessories simple and economical.

**Mount your Lights and Essential Accessories with No Holes in your Vehicle!**

# ACARI™ POWERBAR

Featuring the same patented clamping system providing a **DRILL-FREE** mounting platform with no holes in your roof.

## THE ACARI POWERBAR

- Lightweight, Military Grade, Aluminum
- Sleek Low Profile Aerodynamic Design
- Over 3 Square Feet of Mounting Area
- Wiring Channels to Protect Power Leads
- Rugged, Welded Construction

ACARI's new **POWERBAR** mounting platform provides an alternative to the current Roof Top Mounts or Headache bars. The ACARI **POWERBAR** retains the convenience of fast and Drill-Free installation while providing a larger surface area and better cable management. Mount emergency lights, search lights, GPS and other apparatus on an extruded aluminum deck and run all the cables and wiring through easily accessible channels.

**DRILL-FREE MOUNT** Easily Installs in about 30 Minutes!

# ACARI™ LP

Mount your lights and other essential accessories with no holes in your roof with the **ACARI Drill-Free Mount System**.

## THE ACARI LP SERIES

- The LP Series eliminates the heavy upper deck, endcaps, and gaskets found in the 01 Series
- Sitting only approx. 1.15" above the cab, the redesigned top cuts down on install time, and has a reduced weight with a decrease in wind resistance by 35%
- A new and improved mount, the LP Series is perfect for all your roof top accessories

The **ACARI™ LP** is our Best Selling mount. Built to make your job an easier one. With our patented design, our mount makes it possible to mount your roof top accessory with **ZERO** damage to your truck. The **ACARI™ LP** is a new **Low Profile** design, made of high grade aluminum and features a UV protected black satin powder coat finish.
